MY GOAL

My goal is to build meaningful and functional products that really work with extensive skills in SAAS, web, and mobile design. I'm passionate about design, new technology, and creating user-friendly, intuitive digital products and interfaces.

EXPERIENCE

Sr. UX Designer at Technohaven Company Limited

Dhaka, Bangladesh — May 2024 to Present

My Role is design of a banking app(MVP Version), starting from initial concept to final implementation. Responsible for conducting user research, creating wireframes, designing high-fidelity prototypes, and collaborating closely with developers to ensure a seamless user experience. Focused on optimizing the user journey and interface to enhance usability and meet business goals

UX Designer - II at Altcom LLC

Bairut, Lebanon (Remote) — July 2022 to May2024

Design Mobile Applications, E-commerce Websites, Business to Consumer Applications. Completed a wide range of UI/UX projects, creating functional, user-centric products and solutions. Also contributed to introducing premium plans for users.

Designed Projects: HUGO BOSS, Mikesports, IRAQ Mall, Altcom NFC Technoloy, Menwardrob and MBC Group OTT Platform

Product Designer at Sheba Platform Limited

Dhaka, Bangladesh — January 2022 to July 2022

My role was to design mobile applications from scratch in **sManager** app. The newly designed and developed new upcoming and some existing features should be functional, simple, intuitive, innovative, easy to use, and conversion- friendly product research & design process. Including conducting design sprints, user interviews, usability testing, and UI design.

Improve in sManager: Top-up, Utility Bill, Digital collection and EMI
